Objective

Dynamic and innovative UI Developer with a passion for crafting engaging user experiences and a proven track record of translating design concepts into fully functional and responsive web applications. Seeking to leverage expertise in front-end development, proficiency in modern web technologies, and a keen eye for design to contribute to a forward-thinking team dedicated to delivering exceptional digital solutions.

Skills

Angular   React.js   HTML5   CSS3   TypeScript   Git (Version Control)   SASS

RESTful APIs   Bootstrap   Agile   Test Driven Development   JIRA

Professional Experience

Software Developer, *Panasa Technology Pvt. Ltd.*   07/2023 – 11/2023
- Migrated UI from Flutter to Angular, led to increasing views by 12%.
- Closely communicated with BA, UX and QA to achieve a holistic outcome.
- Set clear, detailed tasks for developers.
- Mentored 3 junior frontend developers on the team and documented best practices within the organization.

Software Engineer, *CitiusTech Pvt. Ltd.*   11/2021 – 07/2023
- Revamped healthcare website pages using GE Healthcare Edison Design System (EDS) styles, resulting in a 25% increase in user engagement.
- Created unit test cases to cover 85% of the code, making the web app more stable and reliable.
- Participated in the GE Healthcare Bug Bash event, helping to make operations 10% more efficient.
- Improved website performance and speed through optimization techniques by 25%.
- Participated in code reviews with the product team and gained feedback from senior engineers and experience in writing custom and scalable code.

Projects

TextUtils - An Online Text Conversion Tool ⧉
- A versatile text manipulation tool designed to simplify tasks like word counting, character counting, and formatting while offering conversion options for uppercase, lowercase, and sentence case transformations. It also provides clipboard support, a download feature, and a text cleaning tool for enhanced user convenience.

Xliff - An Online Editor ⧉
- Developed an online XLIFF editor facilitating the seamless modification of XML Localization Interchange File Format (XLIFF) files. Users can upload, edit, and download XLIFF files through a user-friendly interface, simplifying the localization process for software projects.

Education

B.Tech in Electronics and Communications,   07/2017 – 07/2021
National Institute of Science and Technology
- CGPA - 8.33/10
- Teaching Assistant - Mentored students through the subject, grading and guided them to overcome difficulties.
